#Question 4

(using a regular markdown for speed as time is running out and it was not specified in the question) Question 4

Would like to investigate most credited directors

next, would like to consider if longer movies are better-

Does Run Time Matter?

It appears that longer run times are associated with better movies

Lastly, would like to check if older movies are better, and whether things have actually gone downhill with the 'on demad' revolution

Were Movies Better in the 90s?
Or are we just nostalgic?

It appears that they are slightly better

(sorry, really ran out of time towards the end)
